

## Free Tools for a Stress-Free Day at the Office

### App-solute Reliability: Our Popular Apps Make Sure to Get You Through the Day

#### Is your day at the office oftentimes chaotic? It's high time for some digital help!

innovaphone myApps provides numerous free apps, available right at your fingertips. These tools are ready to use and just one single click away from your home screen. Keep your workflow smooth and your workday organized at all times.

Here is a selection of our most popular free apps:

Notes

#### Notes: Digital Sticky Notes on Your Computer

Ideas, thoughts and important information often arise spontaneously. The Notes App is accessible from any device and helps you capture your notes digitally. Keep all your notes structured and easy to find, for an organized workspace.

- Sticky notes in **different colors**
- **Accessible** from any end device
- **User-friendly** and intuitive

#### ToDoList: All Tasks at a Glance

Create tasks or goals immediately, and simply tick off the tasks you have completed. You can add new tasks anytime. Stay organized and complete your tasks in a structured manner. Rest assured that you did not forget about anything important.

- Quickly **capture** all your tasks
- **Check off** items on your list
- **Seamlessly synchronized**

ToDoList

Calculator

#### Calculator: Accurate Results in Seconds

Your digital calculator offers a reliable solution for quick everyday calculations. The straightforward design ensures accurate results, saves time, and provides a secure and dependable tool whenever you need it.

- Easy to use and **accurate**
- **Convenient** layout
- **Precise** results in seconds

#### Appinion: Conduct Surveys with Ease

When quick decisions are needed, Appinion helps you obtain opinions from others. You can carry out polls right away, and the results are neatly summarized to give you an immediate overview. This allows you to get a transparent, well-founded indication of the situation.

- Fast **decision-making** without detours
- Immediately available **responses**
- Clearly displayed **results**

## The Benefits of our Apps – Get Started Today!

### Call List

#### Call List: Manage Calls Efficiently

Never miss a call again. The Call List tracks all inbound and outbound calls so you can keep track of each call and never miss a single one. Call details, presence status, and call-back features simplify your communication.

- All calls are well organized
- Presence status conveniently displayed
- Functions: Call history, call-back requests, call initiation

### Pinboard

#### Pinboard: Centrally Share Important Information

Would you like to share information with all employees? The Pinboard App allows you to post important information, set expiration dates, and highlight important messages. It is a digital bulletin board!

- Information is centrally available and clearly organized
- Expiration dates can be set as short-term or long-term
- Quickly publish and share news

#### Contacts: All Contact Details in One Place

The internal company directory provides all contact information you need: Whether you would like to make a call, send a chat message or write an e-mail to someone. All information is conveniently bundled in this app.

- All contact details stored in one place
- Contact options via phone, chat and e-mail
- Retrieve and manage information quickly

### Contacts

#### Internet Radio: Music on the Go

You can listen to many popular radio stations and save your favorites. The music is automatically muted during a phone call and resumes seamlessly once the call ends.

- Great selection of different radio stations
- Music pauses automatically during a phone call
- User-friendly interface

### Internet Radio
