

innovaphone myApps @ Schools

Our solution provides a high-performance digital learning platform designed for any educational institution. Whether on-site or remote, it runs on any device and integrates seamlessly into your existing infrastructure.

innovaphone myApps brings greater efficiency, transparency and security to your everyday learning environment.

innovaphone myApps ensures that teachers, students and parents remain connected at all times. Communication runs smoothly and reliably. Whether for digital learning, school projects, field trips, parent-teacher conferences or school events – digital collaboration has never been this easy.

Why Choose innovaphone myApps for Your School?

■ Privacy Matters!

Use your school extension on any smartphone without revealing your private number. Do Not Disturb' settings protect your privacy after hours.

■ Streamlined Communication

Centralized communication between teaching staff, students, parents and the entire school community - without being inundated by e-mails.

■ Virtual Parent-Teacher Meetings

Fast, secure and no additional software required.

■ Digital & Hybrid Learning

Digital classrooms and virtual meeting rooms for work groups with interactive whiteboards are accessible from anywhere.

■ Organizational Matters

Projects, excursions, internships, school events and cafeteria meals can all be planned online.

■ Top Priority: Data Protection

Data remains with the school authority; The platform can be operated either on-premises or in the cloud.

Free Licenses...

...for all teachers, students and their parents with the purchase or rental of a myApps solution for your school or educational institution. Everyone stays connected within the system.*
