

Develop apps with innovaphone myApps

innovaphone AG | Umberto-Nobile-Str. 15 | 71063 Sindelfingen | Germany T + 49 7031 73009-0 | F +49 7031 73009-9 | info@innovaphone.com www.innovaphone.com | Errors excepted, subject to availability and modifications Copyright © 2021 innovaphone® AG | E (09/2021) innovaphone myApps is a collaborative work and communication platform which is continuously expanded with the addition of newly developed apps.

The innovaphone SDK provides all tools necessary to develop apps for this framework.

Software Development Kit (SDK)

Our objective of the innovaphone SDK is to facilitate your work as much as we can. Use JavaScript or C++ and get all required build tools, seamless integration into Visual Studio, extensive documentation as well as code samples.

Who is the innovaphone SDK Aimed at?

It is aimed at everybody wanting to develop own apps for the innovaphone App Platform. The SDK documentation contains a description of the innovaphone PBX and App Platform interfaces to connect any system.

Details on the innovaphone SDK

- Programming languages: JavaScript or C++
- Microsoft Visual Studio integration
- Download the SDK via the <u>download page</u> of the innovaphone App Store
- Visit sdk.innovaphone.com for a detailed description
- Support provided via the <u>SDK developer forum</u>: ask questions, share feedback and get in touch with our app experts
- Check the forum for news and information on additional events

Marketing, Sales and Distribution

It is entirely up to you how you want to market your app:

- » Via the innovaphone App Store
- » You as the manufacturer take matters into your own hands

It is entirely up to you how you want to sell / distribute / bill software licenses:

- » Via the innovaphone sales channel
- Pre-defined models for software rental and purchase that you as the development partner can use directly
- innovaphone takes care of the billing
- Fair distribution of tasks between you as the manufacturer, innovaphone and the sales channel
- » You as the manufacturer take matters into your own hands

We Value Fairness

- The innovaphone SDK is free of charge and can be used by anyone
- 3rd party developers can use exactly the same interfaces and libraries as innovaphone developers
- No need to use the innovaphone App Store. App developers are given full commercial freedom
