Projects

- **Use Projects to structure your processes** across every stage from the first task to the completed project. Track the to-dos, check responsibilities and monitor the current progress. Stay organized and achieve your goals together as a team.
- Centrally plan and manage projects and tasks
- Maximum visibility through an intuitive board view
- Seamless collaboration and effortless teamwork

Working Keep Track of Working Hours and Absences

Working

- **Track hours. Plan vacation. Ensure compliance.**
- **Working enables you to track your working hours** digitally, quickly, and transparently. This helps you and your team maintain full visibility at all times.
- Legally compliant and reliable tracking of working hours
- Centrally manage vacation and absences
- Check digital time accounts and remaining vacation days anytime

myApps Go! Access from Anywhere

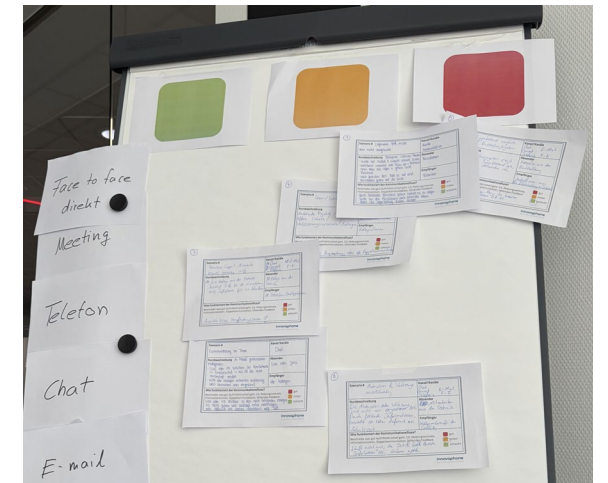

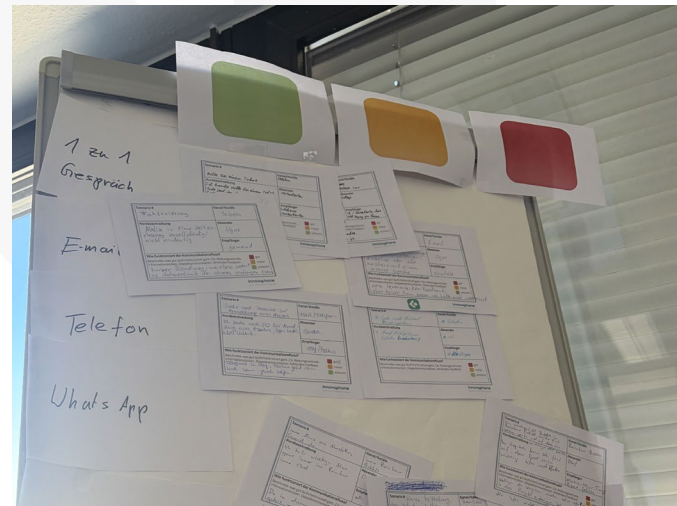

- At the office or at home – on the computer
- On the go with the smartphone or tablet
- Working also via terminal
